This appendix contains a compilation of submissions received on the NEC FUTURE Tier 1 Final EIS during the waiting period, which began on December 23, 2016. In light of the volume of feedback received during the initial 30 days of the waiting period, the FRA committed to issuing the Record of Decision (ROD) no earlier than March 1, 2017, and contemporaneous with its development of this ROD, the FRA reviewed and considered feedback received through May 12, 2017.<sup>1</sup> The index is organized into the following categories:

- ▶ Federal agencies
- ▶ State agencies
- ▶ Elected officials (federal and state)
- ▶ Tribes
- ▶ Metropolitan planning organizations
- ▶ Local governments
- ▶ Organizations
- ▶ Rail service providers
- ▶ Individuals (sorted alphabetically by last name)

The compilation of submissions is organized by submission number and can be searched to find submissions. Personal information for individuals has been redacted to protect their privacy. Information provided for businesses that was publicly available was retained. Other than redacting personal information, the FRA did not edit these original submissions in any way. Typographical or other errors are as they were received from the author via online submission, email, or U.S. mail. The FRA makes no representation as to the factual content of submissions received. Please refer to Section 2 of the ROD for more information on the Tier 1 Final EIS waiting period, a summary of the feedback, and how the FRA used the feedback in the process for the Selected Alternative. General responses to the submissions received between December 23, 2016, and May 12, 2017, are provided in Appendix A of the ROD.
